

# EU ETS & FUEL EU Pooling

*Are you ready for Fuel EU Compliance?*

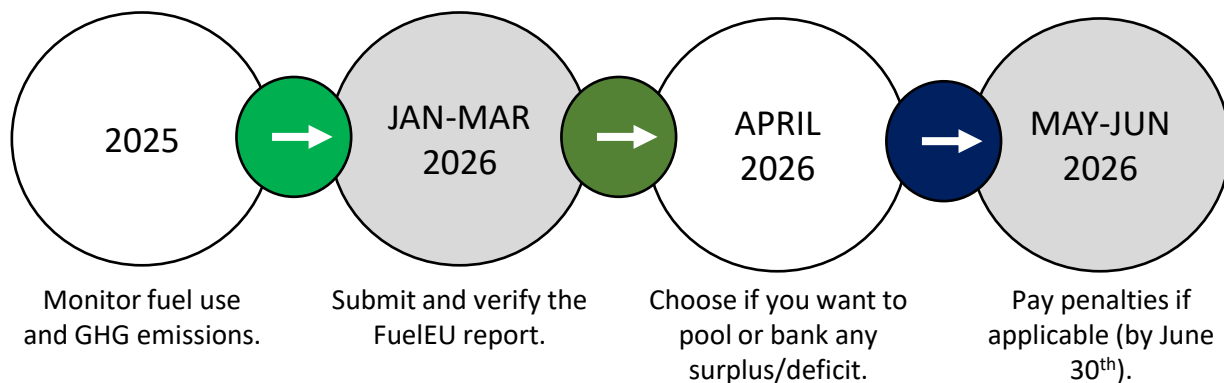

Tecway

## FUEL EU SCOPE:

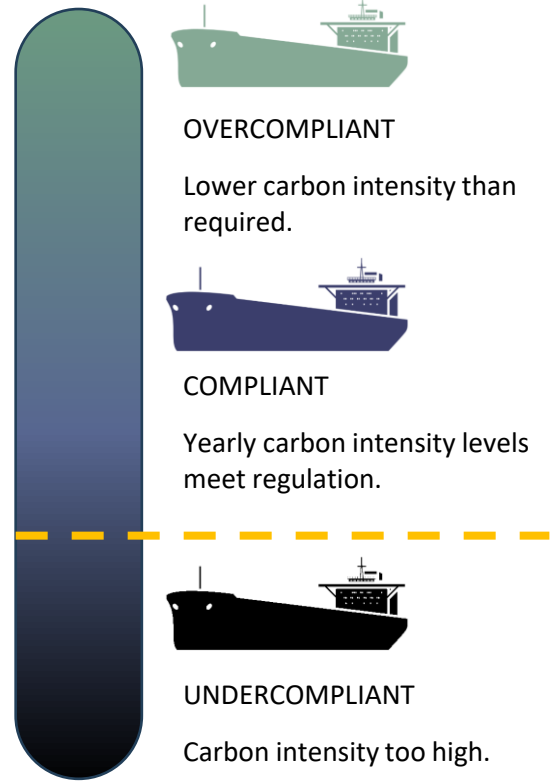

From 2025 onwards, FuelEU Maritime will follow many of the same vessels in scope, though including N<sub>2</sub>O and CH<sub>4</sub> and based upon a 2% GHG intensity reduction in 2025. Fine is 2,400 EUR/t-VLSFO equivalent, or around **640 EUR/tCO<sub>2</sub>** for excess GHG intensity.

## TIMELINE:

# UTILISING FUELEU POOLING

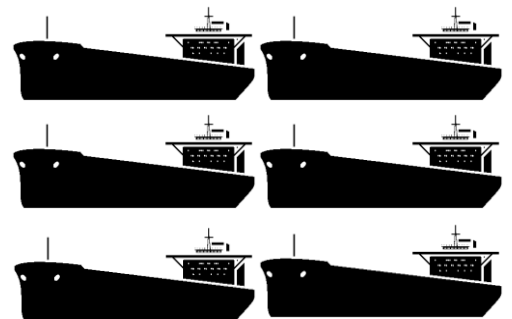

1. Calculate your “compliance balance” (we can help) including forecasts of requirements for 2025
2. We connects surplus-generating companies with deficit-generating companies to create a pool, creating additional revenue for surplus-generating companies, and reducing the penalty paid for deficit-generating companies.
3. We can manage pool, track compliance, and assist with registering your vessels in the pool, or utilize the infrastructure of pooling partners.

## HOW WE CAN HELP WITH POOLING

ONE OVERCOMPLIANT SHIP

MANY UNDERCOMPLIANT SHIPS

**Tecway Maritime Technology Limtied**

Address: Units 9 & 10, 25/F., Peninsula Tower,  
538 Castle Peak Road, Cheung Sha Wan, Kowloon,  
Hong Kong
